

DELAY STRIKE MORE BODIES ON OFFER OF MEDIATION PICKED UP AT SEA

**Railroad Engineers Garbled by In-
tended to Represent
Walkout Orders From Names
Demands Had Been Refused RELIEF SHIP STARTS OUT
Situation More Promising as
Result of Government's
Agents Acting**

NEW YORK, April 22.—The tender of the "friendly offices" of representatives of the federal government called a temporary halt tonight to a strike of railroad engineers in the territory east of Chicago and north of the Potomac river, in which it is estimated 50 per cent of the railway traffic of the entire country is handled.

The mediation offer of federal officials came immediately after the refusal of managers of 50 railroads to concede the engineers' demands for an 8 per cent increase in wages, when chief Warren S. Stone of the Brotherhood of Locomotive Engineers had announced that in view of this refusal, a strike of engineers would go into effect in 36 hours.

Following the situation had reached a critical stage, Martin A. Knapp, presiding justice of the United States circuit court, and Charles P. Neill, commissioner of labor, hurried here from Washington and as soon as the break occurred they addressed a letter to both chief Stone and to J. C. Stuart, chairman of the conference committee of railroad managers, declaring that a grave situation had arisen and that the sense of duty impelled them to tender their "friendly offices" in the hope that some means may be found to adjust the matters in dispute without the calamity of a general strike.

Impressed by the Proposal.
Although Chief Stone, a few minutes before had declared that his 43 associates on the engineers' committee would proceed tonight to their headquarters to prepare for a strike, he was impressed with the letter of Knapp and Neill to the extent that he sent the order, and the committee later met and voted to accept the proposal for mediation. He said: "No organization is so strong that it can fail to listen to an appeal from representatives of the federal government."

Chairman Stuart of the railroad committee, received an identical letter from Messrs. Knapp and Neill, but would not comment on what position the railroads would take as to the tender of mediation. He immediately ordered a meeting of the committee for tomorrow to consider the proposal.

In this manner the crisis rested tonight, still regarded by many observers as critical, but by others as promising some sort of adjustment. The railroads to be affected by the proposed strike include practically all of the three railroads in the territory roughly described as east of Chicago and north of the Potomac river. The three exceptions are the Central railroad of New Jersey, whose contract with the engineers does not expire until June 1, and the Central Vermont.

Unidentified Steamer Within Five Miles of Titanic, Steamed on By

WASHINGTON, April 22.—With success only five miles away, the Titanic sank into its watery grave, carrying with it more than 1,600 of its passengers and crew, while an unidentified steamer that might have saved all, failed, or refused to see fit.

The tragic disaster was brought today before the senate investigating committee when J. Boxhall, fourth officer of the Titanic, told of his unsuccessful attempts to attract the stranger's attention. "This vessel, according to Boxhall, could not have been more than five miles away and was steaming toward the Titanic. So close was it, that from the bridge Boxhall plainly saw its masthead lights and sidelights. Both with rockets and with the Morse electrical signal did the young officer hail the steamer. Captain Smith and several others in the vicinity of the bridge declared at the time it was their belief the vessel had seen them and was signaling in reply. Boxhall failed to see the vessel, however, and in any case the steamer kept on its course obliquely past the Titanic without extending aid."

This and the declaration by P. A. S. Franklin, vice president of the White Star line, that there were not enough lifeboats aboard the Titanic to care for the ship's company at one time, were features of the hearing.

The official was quizzed throughout the morning session on the messages exchanged between the Carpathia and the Titanic after the ship had started for New York with the Titanic's survivors aboard. Among the survivors was J. Ismay, managing director of the line.

Ismay's Message into Records.
Among the wireless telegrams read to the record was one from Mr. Ismay, urging that the steamship Carpathia be held until the Carpathia arrived with its sorry burden. He declared he believed it most desirable that the survivors of the Titanic be as quickly as possible. He also, the message said, would sail on the Carpathia and that clothing be ready at the pier for him when the Carpathia docked. The senate's subpoena blocked the plan.

The committee will resume its hearing tomorrow.

Fourth Officer Boxhall is expected to appear on the stand to tell more fully of the events immediately preceding the collision.

Tells of Officers' Sobriety.
Boxhall testified to the sobriety and good habits of his superior and brother officers.

"You were on watch Sunday night from 8 o'clock till midnight?"

"Yes."

"Spent all that time at your post?"

"Yes."

Hearst, Mrs. Cornelius Vanderbilt, Sr., and Mrs. Henry E. Himmock.

TITANIC UNDOUBTEDLY LIES AT BOTTOM OF THE SEA--DR. CAJORI

Does the Titanic lie at the bottom of the Atlantic, buried 2,400 fathoms deep off the Newfoundland banks, or is the wreck of the ill-fated palace of the seas drifting with the ocean currents only a part of that distance below the surface?

Since the Titanic's tragic end a week ago theories have been advanced and arguments made tending to show that the sunken ship would not go to the bottom in two miles of water. In an interview last night, Dr. Florian Cajori, dean of the School of Engineering at Colorado college, and recognized all over the country as a mathematical expert, gave some interesting facts concerning the question.

"The Titanic is unquestionably at the bottom of the sea, whether she sank in two miles of water, or even more," said Dr. Cajori.

"There is a popular notion that a sinking body of great weight, on reaching the greater depths of the sea, has

Experiments made by Colladon and Stimp prove that water pressure acts with equal force on all equal surfaces, and at right angles to those surfaces. Pascal's law is that pressure exerted anywhere upon a mass of liquid is transmitted undiminished in all directions. The shape of the Titanic would have little to do with her sinking capabilities. There is only one thing that possibly might have the effect of keeping the vessel near the surface, and that is the presence of air-tight compartments. Incessant the buoyant force. There is only the smallest kind of a chance that they exist now in the Titanic, since it is very doubtful if they could withstand the pressure of the water.

"The water pressure of 4,800 pounds to the square inch is not so great as would first be supposed. It is not greater than the force exerted on steel in many of our uses in modern machinery. The resistance of armor plate, of engine pistons and of fly wheels is sometimes as great as that which the Titanic is now subject to."

"There is no record, as some claim of a cannon ball or any such weight object refusing to sink in the ocean. The same principles that have been given apply to any sinking body, and it may be generally stated that any body, largely of metallic structure, once sinking below the surface will sink until it strikes bottom."

(Continued on Page Three.)

Vessel Sure to Sink.

"A vessel such as the Titanic, weighing 45,000 tons, must sink to the bottom, just so sure as a bullet sinks to the bottom of a wash tub. There is no question in my mind on that point."

"The possibility of many bodies being rescued is greater than may be supposed. A body sinking to great

depths, as the Titanic, will sink to the bottom, just so sure as a bullet sinks to the bottom of a wash tub. There is no question in my mind on that point."

"The possibility of many bodies being rescued is greater than may be supposed. A body sinking to great

depths, as the Titanic, will sink to the bottom, just so sure as a bullet sinks to the bottom of a wash tub. There is no question in my mind on that point."

BOOSTERS BUY STOCK IN LOCAL BAIL CLUB

Springs Fans Are Assured of
Team in the New Rocky
Mountain League

At a meeting of the finance committee of the Chamber of Commerce baseball committee in the Chamber of Commerce rooms last night, the plan of selling stock and incorporating a holding company for the Colorado Springs club in the Rocky Mountain league was adopted as the definite plan for raising money to back the local club. Several hundred dollars were raised by selling stock to the committee members present.

The stock is to be sold at \$10 per share and the number of shares will be unlimited, since the exact amount needed is not known, although it is estimated at approximately \$3,500. The money is to be used to build a park just outside the southern city limits. The name of the holding company will be decided upon later.

Chairman M. S. Dunning presided at the meeting last night, which was one of the most enthusiastic held since the plan of getting a league team here was first proposed. Glen H. Leach outlined the progress of the committee in making arrangements for organizing the club, and said that at present it was certain that there would be four cities in the league—Durham, Canon City, La Junta and Colorado Springs—each of these cities having subscribed the amount required to secure a club. There is still doubt that Trinidad and Raton, N. M., will come into the league within the next few days, completing the number of clubs necessary.

Chairman Dunning outlined the plan for raising the necessary amount to build the club into the city and to build the park. He said that while the stock in the holding company would not be worth a great deal while the club was in the Rocky Mountain league, it would reach par value if the Western league came here, since under the ruling of major and minor leagues, the Western league club would be compelled to take over the holdings of the minor league.

The grounds for the new park have been leased and are 12 blocks south on Nevada avenue, just five minutes from the heart of the city, and easily reached by auto or carriage. It is outside the city limits so Sunday ball will not be interfered with. According to the committee, the new park will be the finest in the state when completed.

Each committeeman present took a number of shares in the holding company to sell, and it is probable that another meeting will be held in a few days to hear reports from the members. If they are satisfactory, there is little doubt that they will not be the work of getting the grounds into shape will be started.

Those who subscribed for stock at the meeting last night are: B. S. Kaufman, M. Finkelstein, P. A. Perkins, Henry Sachs, Dr. W. T. Gullion, Clyde Phillips, R. C. Bradford, R. S. Ellis, E. R. Joyce, R. M. Carlisle, Fred Pink, W. H. Baneroff, D. E. Monroe, J. C. St. John, B. M. McKeown, Fred B. Bayart, P. M. Warnock, H. C. Moses, J. P. Barnes, C. L. Infield, L. A. Davis, G. R. Allen, G. H. Logan, R. G. Robbins, R. W. Giddings, Overland Bowling alleys, D. J. Scully.

Special to The Gazette.
RENO, Nev., April 22.—Mrs. Thomas P. Mumford, wife of a former prominent Colorado Springs resident, secured a divorce here today. Sensational charges were made in the complaint.

ST. L. TERMINAL CO. A MONOPOLY

SUPR. CT. COURT APPLIES
"RULE OF REASON"

Holds That Combination Is Restraining Traffic Across Mississippi

WASHINGTON, April 22.—By the application for the district court of the rule of reason, defined last May in the Standard Oil and tobacco decisions, the supreme court of the United States decided that the Terminal Railroad association of St. Louis was restraining and monopolizing traffic across the Mississippi river in violation of the Sherman antitrust law. The association was organized by J. Gould and others in 1889.

Instead of dissolving the combination outright, the court provides for an alternative resolution under specific conditions. This decree was likewise based on the language of the Standard Oil and tobacco cases that in determining the remedy it should be remembered that the statute struck at "undue" restraint of trade.

Repeatedly the court said that its decision did not apply to terminal companies in all cities. It was said that those acted as facilities instead of restraints unless companies did not act as the impartial agent of the reason of geographical conditions at St. Louis and the association's method of exercising the powers, within its grasp, the court found that the law had been violated in this particular case.

"It is not contended," said Justice Taft, in announcing the opinion, "that the application of the terminal facilities of the great cities in which many railroad systems center is under all circumstances, and conditions a restraint of commerce. Whether it is a facility in aid of interstate commerce or an unreasonable restraint prohibited by the act of congress will depend upon the intent to be inferred from the extent of the control thereby secured over instrumentalities which such commerce is under compulsion to use, the method by which control has been brought about and the manner in which that control is exerted."

At a meeting of the finance committee of the Chamber of Commerce baseball committee in the Chamber of Commerce rooms last night, the plan of selling stock and incorporating a holding company for the Colorado Springs club in the Rocky Mountain league was adopted as the definite plan for raising money to back the local club. Several hundred dollars were raised by selling stock to the committee members present.

72 DEAD; 200 INJURED IN TORNADO

Latest Figures Show Illinois
Storm Also Made Many
Families Desolate

CHICAGO, April 22.—Latest figures regarding the tornado, which swept over Illinois and Indiana Sunday evening, show 72 dead, nearly 200 injured, and nearly 100 families desolate, as a result of the storm. More than 200 homes were demolished and the property loss totaled several hundred thousand dollars.

Greatest damage was done at Bush, Ill., where 15 dead, nearly 200 injured, and nearly 100 families desolate, as a result of the storm. More than 200 homes were demolished and the property loss totaled several hundred thousand dollars.

STILSON HUTECHINS OF WASHINGTON SUC- CUMBS AFTER LONG ILLNESS--CON- TEST OVER ESTATE

WASHINGTON, April 22.—Stilson Hutchins, a millionaire philanthropist and retired journalist, died here today after a lingering illness with paralysis. He was born in Whitefield, N. H., in 1832. Mr. Hutchins began life as a reporter in Boston.

Since Mr. Hutchins was forced by illness to relinquish control of his business affairs some months ago, a long fight over the estate between his wife, Mrs. Rose Keeling Hutchins, and his two sons by a former marriage, Walter Stilson and Lee Hutchins, has attracted much attention.

Roosevelt Will Try to Break Up "Solid South" If He Gets Nomination

GREENSBORO, N. C., April 22.—If he gains the nomination for president, he will come to the south, Colonel Roosevelt said today, in an effort to win it over. He made a claim to the support of Democrats as well as Republicans, and said he would embark upon a determined campaign to break up the "Solid South."

"I have the right to the support of every soul to the Jackson Democrat," he said in his speech here. "I am fighting for the principles in which the great bulk of the people of the south believe, and they are kept away from me only by a name. I am going to see to it that they are not kept away by a mere name. I shall fight so that they will vote the way they feel—and when I fight, I fight."

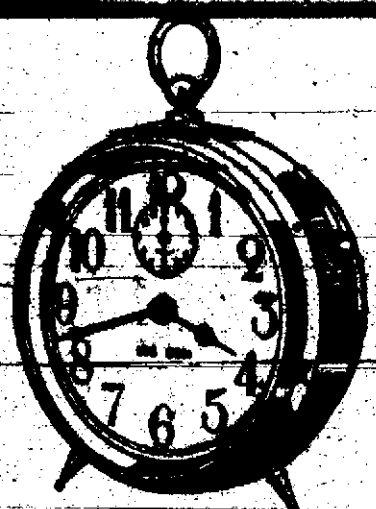

In another part of his speech he said: "When I am nominated I'll do my best to get the old 'tarheel' state." The colonel arrived at Asheville, N. C., in the early morning, in the midst of a downpour of rain, which continued most of the time he was on the way to Greensboro. Despite the storm, he was met by crowds at a number of stations, and made several brief speeches from his train.

The rain had ceased when he reached Greensboro, and he delivered his speech from the veranda of an old southern mansion near the center of the city.

"We have won Oklahoma, Illinois, Pennsylvania, Oregon and Nebraska," he said. "It is no under-statement to say that three times out of four we'll beat them to a 'wax' and I am pretty generous to allow them even that."

CLINTON, Mo., April 22.—The Sixty Missouri district Republican convention today selected Judge C. A. Denton of Butler and C. H. Williams of Clinton, delegates to the national convention. Instructed for Roosevelt.

Candidates Active in Massachusetts.
BOSTON, April 22.—The political situation in Massachusetts is becoming more animated and interest in the presidential primaries on April 30 is growing daily. Two Republican presidential aspirants are coming to the state this week and representatives of the Democratic candidates are at work. The entire Massachusetts congressional delegation, Republican and Democratic, except Senator Lodge, have come on to take a hand in the contest. President Taft will make three speeches on Thursday and Colonel Roosevelt will be here on Saturday. La Follette supporters are active. Congressman Henry of Texas, chairman of the committee on rules with Senators Williams of Mississippi, and Gore of Oklahoma, will speak here for Woodrow Wilson, while Congressman Curry, in charge of Speaker Clark's campaign, expects to have several national orators in the state before the end of the week. No Harmon nor Underwood headquarters have been opened, but Congressman Peters has identified himself with the latter movement.

Big Ben

has something to say to people who like to get up promptly in the morning.

He guarantees to call them on the dot just when they want and either way they want, with one prolonged, steady call or with successive gentle rings.

And he guarantees to do it day after day and year after year, if you only have him oiled every year or so.

We've known him ever since he was "that high" and we'll vouch for everything he says.

SPRINGS ODD FELLOWS CELEBRATE TOMORROW

Colorado Springs lodge No. 140, I. O. O. F., will celebrate the thirty-third anniversary of Odd Fellowship tomorrow evening. The Hon. G. W. Mussey is the state supreme court and Judge J. E. Little of the county court of El Paso county have been invited to deliver addresses and have promised to be present. All Odd Fellows in this vicinity, whether members or visitors, are cordially invited to be present.

PROTEST MEETING HELD AT METHODIST CHURCH

A meeting was held last night at the Methodist church, South, to further consider plans for fighting the proposed closing of Cheyenne avenue to traffic. Reports of all of the committee were received and new committees appointed. It was decided to get out circulars for distribution and to publish the circulation of petitions against closing the avenue. It was reported that \$500 had been raised to be used in the campaign. Another meeting will be held the latter part of the week.

A Blood Purifier - Without Alcohol
Ask your doctor if a family medicine, like Ayer's Sarsaparilla, is not vastly better without alcohol than with it.

MISS HAJOS MAKES HIT SINGING "DAY DREAMS" IN "THE SPRING MAID"

"The Spring Maid," sparkling, bright and replete with comedy, appeared at the Opera House last night. It well deserved the large attendance, and the fact that it was presented here in September did not prevent every seat from being taken last evening. The music is catchy and tuneful, and "Day Dreams," which runs through the entire opera, is especially worthy of mention.

Mizzi Hajos, the star, holds the boards by reason of her piquant personality fully as much as through her singing and dancing, although she does both well. She is a dainty little mite, with a slight foreign accent which is delightful and she scored a tremendous hit when she sang "Day Dreams" in the balcony scene. She takes the part of Princess Bozema, who palms herself off as an Annapolis, the spring maid, in place of the real article, Miss Dorothy Maynard, to teach a lesson to Prince Aladar. Miss Maynard, by the way, takes no small share of the honors, her singing being very acceptable, while her dancing is among the best seen here. Her best number is the "rabbit dance" at the close.

George Leon Moore, as Prince Aladar, in love with Bozema; Louis Miller, as Baron Rudl, her cousin; and Jack Raffael, as her father, Prince Nepomuk, play their parts acceptably, and Raffael is genuinely funny while playing the part of his daughter's aunt, to fool Prince Aladar. The comedian of the entire performance, however, is Charles McNaughton. As Roland, the English tragedian, he is so funny that he makes you laugh at situations which, portrayed less skilfully, would be merely silly.

The chorus, both men and women, is good, and the voices are far above the average. The costumes are fresh and the scenery well staged, with especial attention paid to detail.

POLICE DETERMINED TO CLEAN UP CITY

As a result of the cleanup of suspicious characters determined upon by the police because of the attempted holdup at Papeton Sunday night, 33 men were subjected to a rigid examination by detectives yesterday morning, and later given a hearing in police court.

Several of the worst cases and old offenders were summarily dealt with. William Schmidt, who it is said, pawned his clothes to buy drinks, was fined \$10 and costs and ordered to be put at some hard work by the jailer, Miguel Prieto, a Spaniard, who had on two suits of clothes, about \$12 in money and a bank book showing \$380 deposited in New Orleans, was fined \$5, which he paid. The total assay from the 32 others was 26 cents. George Washington Smith, who said he was a railroad man out seeing the country, was fined \$10 and costs. Two of the vagrants were held for further examination.

The police are determined to rid the city of the bala nuisance. The paving work going on here may be the attraction for some, but the officers are warning all of whom they find that, if work is not found at once, it is extremely desirable that an early train outboard, be taken.

The officers are also determined that the curfew ordinance be enforced, and many youngsters are being warned by policemen and plain clothes men when found on the streets unaccompanied after 8 o'clock. A boy who gave his name as Ed Pickens, of 25 East Fountain, was found wandering around in the business section about 12 o'clock, and was taken home by the police, after a severe lecture.

Madge Brown was arrested near the corner of Cascade and Huertano last night, charged with violating a city ordinance, and taken to the county jail. A young man who was with her at the time of her arrest was later released.

No traces of the man who held up Ernest Vergerot at Papeton Sunday night were discovered by the police or sheriff's office yesterday. A description has been sent to neighboring cities, and he may be picked up soon.

LECTURE TONIGHT

Professor R. M. Woodbridge will deliver the next lecture in the Colorado college course in room 3, Palmer hall tonight at 8:15 o'clock. His subject will be "The Greatest Italian Poet of the Nineteenth Century—Giacomo Leopardi." The lecture will outline Leopardi's life and explain his relation to the romantic movement and his times. It will also deal briefly with his philosophy and give a few of his famous poems in translation.

ALL CREEDS ATTEND FRANKLIN BANQUET

Dinner to Retiring Pastor of First Baptist Church Is Big Success

Every church denomination in the city, including the Roman Catholic, was represented at a banquet in honor of the Rev. James H. Franklin, D. D., retiring pastor of the First Baptist church, and foreign secretary-elect of the American Foreign Missionary society, at the Hotel Hamilton last night. Fine tributes could hardly be paid a minister who has been so long and so well shown his popularity and the esteem in which he is held by Colorado Springs people.

A handsome loving cup was presented him by T. J. Fisher in behalf of Colorado Springs friends. "The cup contains the inscription: 'To James H. Franklin, from some of his friends, as a token of the regard of all of them. Colorado Springs, Colo., April 22, 1912.'"

Dr. Franklin accepted the cup with a short talk, expressing his appreciation and his regret that he would soon leave Colorado Springs. He also outlined his plans for the future in explaining his new work.

The Rev. J. W. Wilson, president of the Ministerial association, spoke of Dr. Franklin as "a messenger and minister of mercy, a man of high attainments and capabilities." He declared that he has been a constant worker for the best interests of his church and the community, and one who holds a high place among all people and all denominations in this city. The Rev. Mr. Wilson traced Dr. Franklin's work in the mining camps and spoke of him as a "perfect example of helpful good fellowship."

C. P. Bennett spoke of Dr. Franklin's work here and of the splendid way in which Mr. Franklin had aided her husband. He declared that he was a pastor for whom the church never had to apologize, who never shocked another's sensibilities. He spoke of the pastor's work with the young people and how effective it had been; of his success in building up the church, and of his broad spirit of helpfulness and usefulness. "Mrs. Franklin," said Mr. Bennett, "is loved by the people of the church as much as her husband and has proved herself a woman of fine Christian character, of tact and of splendid usefulness."

Dr. Garvin, pastor of the First Presbyterian church, spoke of the call "Beyond," speaking of Dr. Franklin's fitness to take up his new work. "He is under all circumstances, a man, and a safe man for any task he will accept. He will accentuate interdenominational fellowship, so important in the work of the church today."

E. B. Simmons, secretary of the Y. M. C. A., spoke of the influence of Dr. Franklin on the young men of the city, and of his leadership in the affairs of the association. Judge W. S. Morris spoke of the "Pastor in Civil Affairs," emphasizing the opportunities of the ministry for accomplishment in civil matters. "There is no place so enviable as a place of training public sentiment, where there are no monetary interests at stake, no political ambition in the balance, as in the pulpit," said Judge Morris. "Dr. Franklin is one who has taken advantage of this and done an inestimable amount of good."

Dr. and Mrs. Franklin will leave the city next Monday for Boston.

EVANGELISTIC MEETINGS

Evangelist Tom G. Rogers of Los Angeles, who is holding revival meetings at the Peoples Mission, will speak every afternoon at 2:30 and every evening at 8 o'clock. He has had 20 years' experience in evangelistic work, was a deputy sheriff in Arizona in the early days and has been a detective.

DELAY STRIKE

(Continued From Page One.)
and Rutland railroads, in Vermont, which have a separate agreement. The engineers' demands for increased pay were made upon all the railroads concerned January 22, and a committee of general managers was appointed to confer in New York with Chief Stone and a board of 50 officers of the Brotherhood of Locomotive Engineers.

Formally Rejected Demands.
At the first conference in March, the railroad committee announced that the demands, if granted, would add to their payrolls \$7,552,000 a year, or an increase of 17.65 per cent. Ten days later the railroads formally rejected the demands, declaring that granting the increase would be tantamount to placing a lien of \$18,844,000 on the properties which would have preference over the first mortgage bonds and lessen the ability of the roads to make additional improvements and install additional safeguards.

It also was stated that the railroads were not making sufficient net earnings to warrant the increase; and that the increase, if granted, would be followed by demands of other employees which would result in actual bankruptcy to some roads.

On March 26, Mr. Stone and his lieutenants voted to order a strike ballot, the question being whether the engineers would authorize a strike. If further negotiations with the railroads should fail, the vote, as announced April 12, was declared to be overwhelmingly in favor of a strike, 700 by a percentage of 93.3 of the 25,700 votes cast.

A second joint conference, held April 17, came to a deadlock. The engineers presented their demands again, notifying the managers that if their people were unsatisfied a strike order might issue at any time, but the managers agreed to wait until the night of April 18 for further word from the railroads.

Agreed to Additional Delay.
"When that time came Mr. Stuart requested an armistice of 48 hours so that members of the committee could be rounded up, and this was granted. It expired last night, but Mr. Stone agreed to continue it until this afternoon and announced that he would

Get Rid of Piles at Home

Try This Home Treatment—Absolutely Free

No matter how long you have been suffering or how bad you think your case is, send at once for a free trial of the wonderful Pyramid Pile Remedy. Thousands afflicted as badly or worse than you have made quick recovery to the day they began using this marvelously successful remedy.

Pyramid Pile Remedy gives instant, blessed relief. Pain disappears, inflammation and swelling subside, and you are able to work again as comfortably as though you had never been afflicted at all. It may save the expense and agony of a protracted operation.

Just send in the coupon below with your name and address on a slip of paper for the free trial treatment. We will show you conclusively what Pyramid Pile Remedy will do. Then you can get the regular package for 50 cents at any drug store. Don't suffer another needless minute. Write now.

Free Pile Remedy

Cut out this coupon and mail to the PYRAMID DRUG CO., 422 Pyramid Bldg., Marshall, Mich., with your full name and address on a slip of paper. A sample of the great Pyramid Pile Remedy will then be sent you at once by mail, FREE, in plain wrapper.

dispatching the assistant chairman of the brotherhood to their various headquarters for the purpose of calling a strike.

The committee of railroad managers this afternoon sent this letter to Chief Stone:

"In reply to your favor of the nineteenth instant, the members in conference today, and with the approval of the presidents, beg to state:

"They have carefully reconsidered the whole subject at issue, and regret they see no way of modifying the conclusions previously announced."

"Conference committee of managers, by (Signed) J. C. STUART, Chairman."

Nearly an hour before the formal record of this letter, Mr. Stone, apparently with knowledge that the railroads were in the act of making another refusal, declared that a strike would be called in 35 hours.

Mr. Stone had barely made this announcement when he received the letter offering mediation.

Mr. Stone dictated a reply to Mr. Stuart's letter, refusing the demands.

It is declared by Leader Stone that 34,000 men would be affected by a strike order. Of these 25,700 are members of the Brotherhood of Locomotive Engineers and about 6,500 are in the Brotherhood of Firemen and Engine-men, who, the engineers declare, will join the strike. The rest are nonunion men, who, Chief Stone said, have joined in the strike vote passed by the brotherhood.

DEMOCRATS OF STATE RALLYING TO CLARK

Special to The Gazette.
CRIPPLE CREEK, April 22.—Because of the large number of Democrats in this county who wish to attend the state Democratic convention in Colorado Springs next Monday, the Teller county convention, held here today, selected 64 delegates. Each delegate will have half a vote and all are instructed to support Speaker Champ Clark first, last and all the time. The instructions were given before the delegates were selected.

DENVER, April 22.—A poll of the Democratic county convention shows 30 have been instructed for Champ Clark, one for Wilson, six declarations unreturned. Thus far Clark has 356 and Wilson seven delegates.

Instructing for Clark, counties: Baca, Clear Creek, Eagle, Douglas, Fremont, Garfield, Gilpin, Hinsdale, Jackson, Kit Carson, La Platte, Larimer, Logan, Mesa, Montezuma, Montrose, Morgan, Otero, Ouray, Phillips, Pitkin, Prowers, Rio Grande, Saguache, San Juan, Sedgewick, Summit, Washington, Teller and Yuma.

Instructing for Wilson: Park, unreturned—Adams, Archuleta, Bent, Chaffee, Jefferson and Las Animas.

The remaining Democratic county conventions will be held this week.

WOMAN DIES WHOSE FIRST HUSBAND NAMED DENVER

DENVER, April 22.—Mrs. Emma Slayden, wife of S. W. Slayden, whose first husband was Richard Whitfield, who was killed in the Mexican war, died Monday morning at the age of 70 years. Her husband arrived in Denver yesterday with her body.

GOVERNOR HARMON TO TEXAS

COLUMBUS, O., April 22.—Governor Harmon left tonight for Dallas, Texas, where he will spend the state the coming week according to the plans announced, no speeches will be made in any other state during the week. Governor Harmon expects to make between 15 and 20 speeches.

RECEIVERS' CERTIFICATES PROPOSED FOR K. C., M. & O.

KANSAS CITY, Mo., April 22.—A proposal to issue receivers' certificates, amounting to \$2,250,000 for the improvement of the Kansas City, Mexico and Orient railroad was submitted by the road's receiver to Federal Judge Pollock for his approval at a hearing in Kansas City, Kan., today. Judge Pollock will announce his decision next Saturday.

It was stated that \$1,000,000 was needed to complete the road from Granada, Tex., to Alpine, Tex. This section will give the road a much desired connection with the Southern Pacific, and it was said, will greatly enlarge its facilities for handling traffic.

Present plans do not contemplate any construction work in Mexico or the completion of the road from Wichita, Kan., to this city. The receivers said they intended that the road, while under their control, should be entirely self-supporting.

Some of the money is to be used in paying Kansas creditors, it was said, if the court approves the proposal of the receivers.

COAST STEAMERS COLLIDE

NORFOLK, Va., April 22.—The steamer Cretan of the Merchants and Miners line bound from Jacksonville and Savannah to Baltimore today is making her way slowly up the coast, damaged above the water line by a collision during thick weather early today off Hatteras with the Clyde line steamer Iniquity, from New York to Charleston and Jacksonville. Both steamers carry passengers.

BAITIMORE, Md., April 22.—Wireless advices to the Merchants and Miners line offices say neither the Cretan nor the Iniquity were seriously damaged. The Cretan was not leaking and is proceeding to Baltimore unassisted.

EMPLOYED TO INVESTIGATE SO-CALLED MONEY TRUST

WASHINGTON, April 22.—Samuel Untermyer of New York and Edward H. Farrag of Chicago, former president of the American Bar association, have been employed by the house committee on banking and currency to conduct the investigation into the so-called money trust.

They will direct an inquiry into the private affairs of leading financial institutions, before the committee begins crowd examination of witnesses at public hearings.

REASSURING REPORTS OF REMAINING LEEVES

NEW ORLEANS, April 22.—Reassuring reports concerning the levees of the Mississippi river, which still remain intact were received at the office of the army engineers here today. The main levee stationed at all weak points south of Vicksburg.

On the Mississippi side suffering is intense in the Bogie Phalia valley where a dozen small towns are under from four to 18 feet of water. This crevasse eventually will inundate more than 2,000,000 acres and it is estimated 12,000 persons in that territory will be made homeless. Already about 7,500 have been rescued.

72 KILLED

(Continued From Page One.)
a victim, and they were not rescued until late tonight.

W. Campbell, a section foreman, with his wife and six children, was sitting in the section house when a storm demolished it, killing the occupants instantly.

The storm at Bush was accompanied by the usual freak incidents. A cow was picked up in the main street, carried 100 yards by the wind and landed safely on the railroad tracks.

A trainload of injured were taken from Bush to Murphysboro, where they died. They have not been identified.

Seventeen persons are reported dead at Marion, but the count has not been verified.

A child was killed by the storm in Hamilton county, where the wind left a path of ruin 40 yards wide.

Three are reported dead at Murphysboro, where the storm was less severe. One was killed by a falling tree.

William Gambill and his two daughters were killed at Freeman, in Williamson county. Gambill was crushed by a falling barn. The two women were carried 100 feet into the air and killed by striking the earth. A son and his hand are believed to be fatally injured.

TITANIC UNDOUBTEDLY

depths would not undergo the changes of metallic substances. The water would so completely fill the bodies, that pressure would be equalized within and without. If the Titanic sank slowly, as it probably did, then there was time for organic changes to take place that would make the bodies more likely to float. Still, the body of a human being once on the bottom of the ocean would be very unlikely to come to the surface, not only on account of the very small buoyant force of a human body, but on account of water pressure preventing the formation of gases. Also, we know there are many sharks in the sea.

"The wreck of the Titanic offers a problem that probably will be the subject of scientific competition for a long time to come."

MORE BODIES PICKED UP

(Continued From Page One)
garbled because of the fact that the list had been relayed.

In the list as it came the following combination appeared:

"Nihil Schedig, R. B. Att," which operators believe might have been intended for Major Archibald Butt's name.

Also speculation developed over the name "Onias Husher," a name which the White Star line could not account for and which telegraph operators thought might be Colonel Astor's.

The White Star line dispatched a message in an effort to clear up such questionable interpretations and for this and the possible receipt of further names, officials of the company kept their offices open all night.

The list of names received at the White Star line office, follows:

L. M. Hoffman,
Mrs. Alexander Robins,
William H. Harbeck,
Malcolm Johnson,
A. J. Halverson,
H. W. Ashe,
Leslie Williams,
A. H. Hayter,
R. B. Att,
Leslie Gliniski,
Jerry Montrose,
Frederick Sutton,
J. S. Gill,
Ernest R. Tomlin,
George Rosenblith,
N. Martini,
John H. Chapman,
W. Colburn,
H. Greenburg,
Simon Sober,
N. Louis Blumberg,
George W. Widen,
Ramon Artazagoytia,
Nihil Schedig,
Steward No. 76,
Yostio Drazenov.

A number of names in the list do not check up with the Titanic's passenger list, which leads to the belief that a number of the bodies received are members of the crew.

Suggests Honor Medals.
WASHINGTON, April 22.—A bill to provide medals of honor for Capt. A. H. Rostron and the officers and crew of the Cunard line Carpathia was introduced in the house today by Representative Francis of Ohio. It would appropriate \$5,000 and instruct the director of the mint to strike off a suitable medal to commemorate their heroism in rescuing the Titanic's survivors.

Steamer Off to Relieve Cable Ship.
HALIFAX, N. S., April 22.—Late reports received here indicate that before darkness tonight the cable steamer Mackay-Bennett had recovered the bodies of 53 victims of the Titanic disaster. How many of these have been identified is not clear but that some have not been was made certain when the Mackay-Bennett sent a wireless saying that those bodies not embalmed would be buried at sea tonight.

The intention of the Mackay-Bennett was to bring back only such bodies as were identified or identifiable. The Rev. K. C. Hind of the church of England was taken along, and to him tonight fell the duty of conducting the

services for those who were again consigned to the sea.

Rush orders were received here today to prepare another steamer to go in search of the dead. One cable ship Minna was chartered and local undertakers placed 150 coffins on board, while 100 tons of ice were stored away in the holds. A quantity of iron was also placed on board to be used in burying the unidentified.

The Minna is under orders to meet the steamer Mackay-Bennett. The Rev. Mr. Hind will be transferred to the Minna and the Mackay-Bennett then will proceed to port with the dead.

The Minna sailed late tonight. She will establish wireless communication with the Mackay-Bennett as the first practicable moment and convey any relayed important information to the shore.

Bremen Repeats Message.
NEW YORK, April 22.—The steamer Bremen, in a wireless message to the Associated Press tonight, conveyed the information sent Sunday that she had passed wreckage and a great number of bodies in 42.6 north latitude and 47 west longitude.

The message said that the Bremen had no bodies on board.

May Identify Two Waifs.
NICE, France, April 22.—It is possible that the mystery of the deaths of the two children, answering to the names of Louis and Lulu, who were saved from the Titanic, may soon be cleared up.

Mme. Navrand, the wife of a tailor living in Nice, says she knows the two children in the description of the little ones. She is separated from her husband, who a month ago, she declares, took away the children and disappeared. She is anxious to know if they were going to America. The children were traveling with a man named Hoffman, who is said to have been a friend of Navrand's. A request has been sent to New York for photographs of the children.

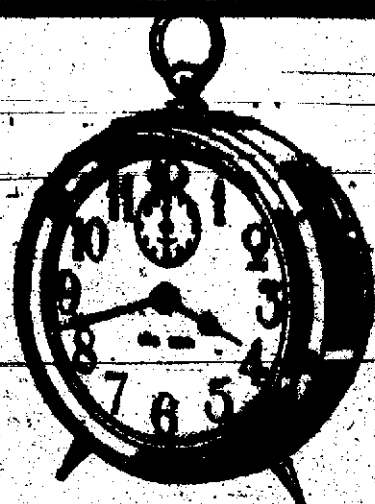

The two French waifs are now in the care of Miss Margaret Hays of West Eighty-fourth street, who has become the self-appointed guardian of the boys, one of whom is about four years old and the other three. The children were found wrapped in a blanket in one of the Titanic's lifeboats.

GUILTY 2ND DEGREE MURDER

BOULDER, April 22.—William T. Adams, who was arrested on the night of December 2 for killing William Hershford at the Monarch mine near Downer, was convicted of murder in the second degree in the district court here today. The case went to the jury Saturday night at 5 o'clock. A verdict was reached last night but was not returned until this morning. Judge Gamble has not pronounced sentence upon the defendant.

WATER TURNED ON AT C. C.

Special to The Gazette.
CRIPPLE CREEK, April 22.—Water was turned into the mains again this morning, and it is hoped that there will be no further shortage. Last night's heavy snow is melting fast today, and, with warmer weather, there is no danger of a shortage for Cripple Creek.

Big Ben

has something to say to people who like to get up promptly in the morning.

He guarantees to call them on the dot just when they want and either way they want, with one prolonged, steady call or with successive gentle rings.

And he guarantees to do it day after day and year after year, if you only have him oiled every year or so.

We've known him ever since he was "that high" and we'll vouch for everything he says.

DENVER CIVIC CENTER SITE WILL BE CLEARED AT ONCE

Mayer Speer Notified That Bonds to Value of \$2,685,000 Have Been Handed Purchasers

DENVER, April 22.—The work of clearing the site of the proposed civic center has begun at once, according to Mayor H. W. Speer. Mayor Speer was notified today that the civic center bonds to the value of \$2,685,000 had been handed to the purchasers in New York city, and a certified check for \$2,068,614.38 was deposited in the Chase National bank in the credit of L. C. Greenlee, city and county treasurer of Denver.

SIX PERSONS HURT IN D. & R. G. WRECK

MONTROSE, April 22.—Six persons were injured this afternoon when an eastbound passenger train on the narrow gauge division of the Denver & Rio Grande railway was wrecked on Cerro hill, about a mile west of Cimarron. The injured are: S. A. Zickel, pastor of the Congregational church, Montrose, compound fracture of left arm; D. J. W. Howie, Somerset, head cut; Mrs. J. W. Bowie, Somerset, injured internally; Mrs. James Mackay, Telluride, injured internally; Mrs. Nettie Lund, Cimarron, arm

Many others received slight bruises. The wreck was caused by the front forward truck of a smoking car leaving the rails on a sharp curve. Three coaches overturned against an embankment at the side of the right of way. The engine and the mail and express cars remained on the tracks. The train was going at the rate of 20 miles an hour when the accident occurred. The injured were removed to Cimarron, and later were brought to Montrose.

MEMBER HOUSE COMMONS APPLAUDING PROMPT ACTION OF U. S., ASKS QUICK PROBE

LONDON, April 22.—In the course of a debate in the house of commons today, Will Crooks, a labor member, said that in moving adjournment he did not intend to seek a vote of censure against the president of the board of trade, but to give an expression of opinion to the public.

No time should be lost in endeavoring to discover the cause of the Titanic disaster. They had no right to blame any one until they had heard the evidence. The commission should be set up at once and begin to find out what persons could throw light on the catastrophe and take steps to bring them before the proper tribunal. In referring to the prompt action taken by the American senate, he said: "They did not wait to find out whether the law gave them power to subpoena and question people who could throw light on the matter. They at once sent a commission out to intercept even the owners of the vessel, together with any others they wanted as witnesses. We have heard that they had no authority under the law to do so, but they did it and England has applauded them for doing it."

Replying Mr. Buxton said it had been decided to appoint a wreck commission to make a fuller inquiry into the disaster, of which Lord Mersey, former president of the admiralty, division of the high court, had consented to act as chairman. He had consulted Lord Mersey and ascertained that such a court would have full power to secure the attendance of witnesses. It would be immediately constituted, he said, and in readiness to begin taking the evidence of survivors who will arrive on the Labrador. The inquiry, continued Mr. Buxton, will be public. Arrangements also have been made through the British consul general at New York to take the affidavits of officers of other members of the crew who might be detained in the United States, as well as the evidence of passengers who could supply useful information. Mr. Crooks expressed satisfaction at their assurance and withdrew his motion to adjourn.

British Press Indignant at What It Calls Unfair Treatment of J. B. Ismay

LONDON, April 23.—The British press, which severely criticizes its own board of trade and demands the most searching inquiry into the Titanic disaster, declines to judge the case until the British investigation is held, and displays feeling at the manner in which the American inquiry is being conducted and at what is regarded as the unfair treatment of J. Bruce Ismay. The Morning Post, in an editorial, protests against American and German papers branding Ismay as a coward, and declares it was clearly his duty to live and help his company relieve the disaster by facing the music. The Daily Express describes the senatorial inquiry as a parody of a judicial inquiry, which it says is rather calculated to swing public sympathy heavily to the side of Mr. Ismay and the White Star company.

The Express complains that the inquiry did nothing disgraceful, yet is attacked as though it played the part of a shameful coward. "We have no intention of prejudging the case or limiting the busy and often savage verdict pronounced in the United States," All the papers express satisfaction that Lord Mersey has been appointed to preside over the inquiry, as insuring a thorough investigation. Lord Mersey has had a wide experience in maritime affairs as the former president of the admiralty court.

Son of English Nobleman, Insane in Wyoming, Had Fine Record as a Soldier

CHEYENNE, Wyo., April 22.—James B. Twedell, son of an English nobleman, was admitted to the state hospital for the insane today. He served as a captain in the British army in the South African war, and received three honor medals for gallantry as personal bestowals of Queen Alexandra. His insanity was due to a wound over the left eye received in battle. Twedell came to America a year ago.

RECEIVER APPOINTED FOR CINCINNATI SOAP CO.

CINCINNATI, O., April 22.—Philip Hinkle was today appointed receiver for the Cincinnati Soap company of this city.

UNIDENTIFIED STEAMER

(Continued From Page One.)

"Were you on the bridge all that time?"

"No, but most of it."

"Do you know whether the officers were at their customary posts at the forward end during that watch?"

"Yes, Lightoller was on the bridge when I came on at 8 o'clock. He was relieved at 10 o'clock by Mr. Murdoch, who remained until the accident happened."

"Moody, the sixth officer, was on the deck, and Field and Leigh occupied the crow's-nest. The bridge officer, Mr. Murdoch, was on the lookout."

"Was the ordinary complement of officers at their post?"

"Yes, sir."

"Did you not know of the proximity of icebergs?" asked Senator Smith.

"No, sir."

"Under questioning, however, Boxhall said Captain Smith told him of the positions of certain conditions which he marked on the chart."

"Was it a hard impact?"

"No, it was so slight that I did not think it was serious."

"After the impact could you see the iceberg?"

"Yes, sir. I could see it dimly. It lay low in the water and was about as high as the lower rail of the ship or about 30 feet out of the water."

He said he had great difficulty in seeing the berg.

Could Find No Trace of Damage.

Boxhall said he went down to the stateroom, inspected all the decks in the vicinity of where the ship had struck, found no traces of any damage, and went directly to the bridge and so reported.

"The captain ordered me to send a carpenter to sound the ship, but I found a carpenter coming up with the announcement that the ship was taking water. In the main room I found mail sacks floating about while the clerks were at work. I went to the bridge and reported, and the captain ordered the lifeboats to be made ready."

Boxhall testified that at Captain Smith's orders he took word of the ship's position to the wireless operators.

"What position was that?"

"41° 46' north, 50° 14' west."

"Was that the last position taken?"

"Yes, the Titanic stood not far from there when she sank."

After that Boxhall went back to the lifeboats where there were many men and women. He said they had lifebelts.

"After that I was on the bridge most of the time, sending out distress signals trying to attract the attention of boats ahead," he said. "I sent up distress rockets until I left the ship, to try to attract the attention of a ship directly ahead. I had seen no lights. She seemed to be nearing us and was not far ahead of us."

"She got close enough so she seemed to me to read our electric Morse signals. I told the captain. He stood with me much of the time trying to signal her. He told me to tell her in Morse code, 'We are sinking.'"

"Did any answer come?" asked the senator.

"I did not see them, but two men say they saw signals from that ship."

Ship About Five Miles Away.

"How far away do you think that ship was?"

"Approximately five miles."

Boxhall said he did not know what ship it was.

"Have you learned anything about that ship since?"

"No, several stewards and the captain said they had not seen it."

Returned to the subject of the iceberg.

"You say you could not see these great icebergs when in the seaboard, but you could hear the water lapping against them?"

"Yes, sir. It was an oily calm and we could see nothing in the small boats."

"If the sea is smooth, then it is difficult to discern these bergs?"

"Yes, sir. I believe if there had been a little ripple on the water, the Titanic would have seen it in time to avoid it."

With Boxhall on the stand the hearing adjourned at 6:30 o'clock to 10 o'clock tomorrow morning.

Franklin Questioned.

Mr. Franklin was questioned closely regarding the efforts of the White Star line to obtain definite news of the Titanic's sinking. He said that the following wireless message finally was received from the Olympic on April 16:

"Germanic reports Carpathia in attendance, picked up 80 boats with passengers and Baltic returning. Post-

tain say she replied to our rockets and our signals, but I did not see it."

"What did you see on the ship?"

"First we saw her masthead light, and a few minutes later her red side light. She was standing closer."

"Suppose you had had a powerful searchlight on the Titanic, could you not have thrown a beam on the vessel, and have compelled her attention?"

"We might."

Boxhall said he had seen the sea boat, three-quarters of a mile when the Titanic went down. Before that he had roved around the ship's stern to see if he could not take off three more persons for which there was room. He abandoned that attempt, however, because he had with him only one man who knew how to handle an oar and he feared an accident. His boat, he said, was the first picked up by the Carpathia. That was about 4:10 in the morning.

"Did you have any conversation with Mr. Ismay that night?"

"Yes, before I left the ship on the bridge just before the captain ordered me below to take an emergency boat."

"When you boarded the Carpathia, did you see any lights on any other lifeboats?"

"No. It was nearly daylight. It was daylight by the time I got my passengers aboard the Carpathia."

Saw Several Lights.

"Could you see any other lifeboats had lights besides yours?"

"I saw several with lanterns. I would not say all the boats had lights."

Boxhall said he knew Capt. John Jacob Astor by sight.

"Did you see Ismay when you got into the lifeboat?"

"No."

"When did you next see Ismay after you left the ship?"

"I saw him in a collapsible boat in the water afterward."

"Who else was in it?"

"Mr. Carter."

"Any other men?"

"Yes, I saw some men that looked like Egyptians. Three or four of them."

"Any women in it?"

"Yes, it was full of them—well not exactly full, but there were many women, most of them foreigners."

"Yes, I saw some men that looked like Egyptians. Three or four of them."

"Any women in it?"

"Yes, it was full of them—well not exactly full, but there were many women, most of them foreigners."

"How long after you reached the Carpathia did Ismay's boat arrive?"

"I cannot say exactly, but it was before daylight."

Green Light Was Beacon.

The Carpathia, he said, was steering by the green light on his lifeboat. He said he saw other lights.

"Our green lights were special lights that I told one of the sailors to put in. I lighted them after we were lowered. The lights were very brilliant and attracted the Carpathia."

"Did you see any bodies?"

"Yes, I saw one body, the body of a man lying on his side. He had a lifebelt on, but I saw no more."

"Did you hear of any person refusing to enter the lifeboats?"

"I heard persons on the Titanic say some people refused."

"Did you see anyone refuse to enter the lifeboats?"

"No, sir."

"Did you see any man, woman or child prevented from entering a lifeboat?"

"No, sir."

"Did you see any ejected?"

"No, sir."

"Did you see any who got in from the water or saw any in the water?"

"No, sir."

Saw No One in Water.

"No, sir," said Boxhall. "If I had seen any in the water, I should have taken them in the boat."

Boxhall said the sea was calm and that in his opinion each of the lifeboats could have taken its full capacity. How many he had in his small boat he never knew. Senator Newlands returned to the subject of the iceberg.

"You say you could not see these great icebergs when in the seaboard, but you could hear the water lapping against them?"

"Yes, sir. It was an oily calm and we could see nothing in the small boats."

"If the sea is smooth, then it is difficult to discern these bergs?"

"Yes, sir. I believe if there had been a little ripple on the water, the Titanic would have seen it in time to avoid it."

With Boxhall on the stand the hearing adjourned at 6:30 o'clock to 10 o'clock tomorrow morning.

Franklin Questioned.

Mr. Franklin was questioned closely regarding the efforts of the White Star line to obtain definite news of the Titanic's sinking. He said that the following wireless message finally was received from the Olympic on April 16:

"Germanic reports Carpathia in attendance, picked up 80 boats with passengers and Baltic returning. Post-

tion not given.—Haddock, Olympic."

The reassuring statements sent out by the line in the early hours of the disaster next were made the subject of inquiry.

"Tell the committee on what you based these statements," directed Senator Smith.

"We based them on reports and rumors received at Cape Race by individuals and by the newspapers. They were rumors and we could not place our finger on anything authentic."

"Had you heard from the Carpathia at that time?"

"No, sir."

Urged Olympic to Investigate.

Mr. Franklin declared the Olympic was sent this message:

"Haddock, Olympic. Rumored here Titanic sunk. Cannot confirm here. Expect Virginia alongside.—Franklin."

At 2:40 p. m. we wired Haddock to endeavor to ascertain the whereabouts of Mr. Ismay and to advise us as soon as possible," continued Franklin.

"We followed this dispatch with another to Haddock, in which we urged: 'Do your utmost to ascertain condition of Titanic; advise us fully disposition Titanic's passengers and where they will be landed.'"

"At 6:20 or 6:30 Monday evening," Mr. Franklin continued, "a message was received telling the fateful news that the Carpathia reached the Titanic and found nothing but boats and wreckage; that the Titanic had foundered at 2:20 a. m. in 41° 15' north, 50° 14' west; that the Carpathia picked up all the boats and had on board about 635 Titanic survivors, passengers and crew."

"This message was from Haddock also."

"It was such a terrible shock that it took me several moments to think what to do. Then I telephoned two of our directors, Mr. Steele and Mr. J. P. Morgan Jr. Then I went down stairs to the reporters. I began to read the message, holding it high in my hand. I had read only to the second line, which said that the Titanic had sunk when there was not a reporter left. They were so anxious to get to the telephones."

Asked for Names of Survivors.

"After that we got another message from Haddock stating that 'Yamsi' meaning Ismay was on the Carpathia."

Mr. Franklin then explained how the company wired the Olympic to get the names of the survivors and to

"What about the cost of the Titanic?"

"One million five hundred and some odd pounds," said Franklin.

"Including all equipment?"

"Yes, its tonnage capacity," he added, "was 45,425 gross, the largest ever built."

Senator Smith said he thought the data regarding the stability of the ship in loaded and damaged conditions should be furnished the committee and Mr. Franklin said he would try to get the figures.

Senator Smith asked the witness what efforts were made to get the names of the third-class passengers.

"We made every effort to get them," said Mr. Franklin.

"Did you receive at any time from anyone a request that the Cedric be held at New York until the arrival of the Carpathia?"

"Yes."

"What time was it received?"

"At 5:13," said the witness who said the telegram asked that the Cedric be held because the tender considered it "most desirable" that the members of the crew be sent back on the ship and declaring his intention of sailing on that ship himself. The senator also asked that clothing and shoes be brought to the deck for him when the Carpathia got in.

"Whom was that signed," asked Smith.

"Do you know who Yamsi is?"

"Yes, sir; it is either Mr. Ismay's signature. I sent in reply the following:

Would Not Held Cedric.

Yamsi, Carpathia. Have arranged forward crew. Landing at 6 a. m. Saturday calling at Plymouth. We all consider most unwise to delay Cedric considering circumstances.—Franklin."

At 6:30 a. m. of that day Franklin received from Ismay this message:

"Send responsible White Star ship officer and 14 men in two boats to take charge of 13 Titanic lifeboats at quarantine.—Yamsi."

The witness said he received a message from Ismay on the Carpathia a little later on the morning of the 18th to join the Carpathia at quarantine and that several other messages came from him urging that the Cedric be held. After all these had come in Franklin cabled Ismay:

"Think it most unwise to detain Cedric in New York."

This was followed by a reply from Ismay, which included, "Unless you have good and sufficient reason not to hold the Cedric, kindly do so."

Franklin then sent a message expressing his regret that Cedric could not be held and added:

"Expect to join you at quarantine."

"If you want special advice write to Lydia E. Pinkham Medicine Co. (consultant) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence."

Swarthmore, Penn. — "For fifteen years I suffered untold agony, and for one period of nearly two years I had been almost blind. The doctors told me I would have to undergo an operation, but I began taking Lydia E. Pinkham's Vegetable Compound, and am in good health now. I am all over the Change of Life and cannot praise your Vegetable Compound too highly. Every woman should take it at that time. I recommend it to both old and young for female troubles."—Mrs. EMILY SUMMERS, Swarthmore, Pa.

Baltimore, Md. — "My troubles began with the loss of a child, and I had hemorrhages for four months. The doctors said an operation was necessary, but I dreaded it and decided to try Lydia E. Pinkham's Vegetable Compound. The medicine has made me a well woman and I feel strong and do my own work."—Mrs. J. R. PICKENS, 1280 Sargeant St., Baltimore, Md.

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

Lydia E. Pinkham Medicine Co. (consultant) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

THE GRAVE OF THE TITANIC.
This photograph, taken from the deck of the rescue ship Carpathia, shows the wide expanse of ice fields of the northern route under which are buried hundreds of passengers who lost their lives in the terrible disaster which abruptly terminated the maiden trip of the greatest vessel ever constructed. The photograph shows two survivors of the Titanic disaster in wraps furnished by Carpathia passengers, taking one last look at the scene of the terrible disaster. Both are Italian immigrant women, whose husbands were lost. In the photograph are also shown an officer of the rescue ship and several passengers.

stand by and relay them from the Carpathia.

SPRINGS ODD FELLOWS CELEBRATE TOMORROW

Colorado Op. Adv. No. 140, 1 D. P. will celebrate the ninety-third anniversary of Odd Fellowship tomorrow evening. The Hon. G. W. Musser, of the state supreme court and Judge E. Little of the county court of El Paso county have been invited to deliver addresses and have promised to be present. All Odd Fellows in this vicinity, whether members or visitors, are cordially invited to be present.

PROTEST MEETING HELD AT METHODIST CHURCH

A meeting was held last night at the Methodist church, South, to further consider plans for fighting the proposed closing of Chayenne avenue to traffic. Reports of all of the committee were received and new committees appointed. It was decided to get out circulars for distribution and get out the circulation of petitions against the closing of the avenue. It was reported that \$500 had been raised to be used in the campaign. Another meeting will be held the latter part of the week.

A Gentle Test - With Alcohol
Ask your doctor if a family medicine, like Ayer's Sarsaparilla, is not really better without alcohol than with it.

MISS HAJOS MAKES HIT SINGING "DAY DREAMS" IN "THE SPRING MAID"

"The Spring Maid," sparkling, bright and replete with comedy, appeared at the Opera house last night. It well deserved the large attendance, and the fact that it was presented here in September did not prevent every seat from being taken last evening. The music is catchy and tuneful, and "Day Dreams," which runs through the entire opera, is especially worthy of mention.

Mizzi Hajos, the star, holds the boards by reason of her piquant personality fully as much as through her singing and dancing, although she does both well. She is a dainty little mite, with a slight foreign accent which is delightful and she scored a tremendous hit when she sang "Day Dreams" in the balcony scene. She takes the part of Princess Dozema, who pines herself off as Annamiri, the spring maid, in place of the real article. Miss Dorothy Maynard, to teach a lesson to Prince Aladar, Miss Maynard by the way, takes no small share of the honors, her singing being very acceptable, while her dancing is among the best seen here. Her best number is the "Tango" dance, at the close of which she is joined by Prince Aladar, in love with Dozema; Louis Miller, as Baron Rudi, her cousin, and Jack Raffael, as her father, Prince Nepomuk, play their parts acceptably, and Raffael is especially funny while playing the part of his daughter's aunt, to fool Prince Aladar. The comedian of the entire performance, however, is Charles McLaughlin. As Roland, the English tragedian, he is so funny that he makes you laugh at situations which, portrayed less skillfully, would be merely silly.

The chorus, both men and women, is good, and the voices are far above the average. The costumes are fresh and the scenery well staged, with especial attention paid to detail.

POLICE DETERMINED TO CLEAN UP CITY

As a result of the cleanup of suspicious characters determined upon by the police because of the attempted holdup at Papeton Sunday night, 33 men were subjected to a rigid examination by detectives yesterday morning, and later given a hearing in police court.

Several of the worst cases and old offenders were summarily dealt with. William Schmidt, who, it is said, pawned his clothes to buy drinks, was fined \$10 and costs and ordered to be put at some hard work by the jailer. Miguel Prieto, a Spaniard, who had on two suits of clothes, about \$12 in money and a bank book showing \$350 deposited in New Orleans, was fined \$5, which he paid. The total assay from the 32 others was 26 cents. George Washington Smith, who said he was a railroad man out seeing the country, was fined \$10 and costs. Two of the vagrants were held for further examination.

The police are determined to rid the city of the hobo nuisance. The paving work going on here may be the attraction for some, but the officers are warning all of whom they find that if work is not found at once, it is extremely desirable that an early train outboard be taken.

The officers are also determined that the curfew ordinance be enforced, and many youngsters are being warned by policemen and plain clothes men when found on the streets unaccompanied after 9 o'clock. A boy who gave his name as Ed Pickens, of 225 East Fountain, was found wandering around in the business section about 12 o'clock, and was taken home by the police after a search.

Madge Brown was arrested near the corner of Cascade and Huertano last night, charged with violating a city ordinance, and taken to the county jail. A young man who was with her at the time of her arrest was later released.

No traces of the man who held up Ernest Vergerot at Papeton Sunday night were discovered by the police or sheriff's office yesterday. A description has been sent to neighboring cities, and he may be picked up soon.

LECTURE TONIGHT

Professor R. M. Woodbridge will deliver the next lecture in the Colorado college course in room 3, Palmer hall tonight at 8:15 o'clock. His subject will be "The Greatest Italian Poet of the Nineteenth Century—Giacomo Leopardi." The lecture will outline Leopardi's life and explain his relation to the romantic movement and his times. It will also deal briefly with his philosophy and give a few of his famous poems in translation.

ALL CREFIS ATTEND FRANKLIN BANQUET

Dinner to Retiring Pastor of First Baptist Church Is Big Success

Every church denomination in the city, including the Roman Catholic, was represented at a banquet in honor of the Rev. James H. Franklin, D. D., retiring pastor of the First Baptist church, and foreign secretary-elect of the American Foreign Mission Society, and president of the First Baptist church of New York city, at the First Baptist church last night. Other tributes could hardly be paid a minister than were received by Dr. Franklin, showing his popularity and the esteem in which he is held by Colorado Springs people.

A handsome loving cup was presented him by T. J. Fisher in behalf of Colorado Springs friends. The cup contains the inscription:

"To James H. Franklin, from some of his friends, as a token of the regard of all of them, Colorado Springs, Colo., April 22, 1912."

Dr. Franklin accepted the cup with a short talk, expressing his appreciation and his regret that he would soon leave Colorado Springs. He also outlined his plans for the future in explaining his new work.

The Rev. J. W. Wilson, president of the Ministerial association, spoke of Dr. Franklin as "a messenger and minister of mercy, a man of high attainments and capabilities." He declared that he has been a constant worker for the best interests of his church and the community, and one who holds a high place among all people and all denominations in this city. The Rev. Mr. Wilson traced Dr. Franklin's work in the mining camps and spoke of him as a "perfect example of helpful good fellowship."

C. P. Bennett spoke of Dr. Franklin's work here and of the splendid way in which Mrs. Franklin had aided him. He declared that he was a pastor for whom the church never had to apologize, who never shocked another's sensibilities. He spoke of the pastor's work with the young people and how effective it had been; of his success in building up the church; and of his broad spirit of helpfulness and usefulness. "Mrs. Franklin," said Mr. Bennett, "is loved by the people of the church as much as her husband and has proved herself a woman of fine Christian character, of tact and of splendid usefulness."

Dr. Garvin, pastor of the First Presbyterian church, spoke of "The Call Beyond," speaking of Dr. Franklin's fitness to take up his new work. "He is under all circumstances a man, and a safe man for any task he will accept. He will accentuate interdenominational fellowship, so important in the work of the church."

E. B. Simmons, secretary of the Y. M. C. A., spoke of the influence of Dr. Franklin on the young men of the city, and of his leadership in the affairs of the association. Judge W. S. Morris spoke of the "Pastor in Civil Affairs," emphasizing the opportunities in civil matters. "There is no place so enviable as a place of creating public sentiment, where there are no monetary interests at stake; no political ambition in the balance, as in the pulpit," said Judge Morris. "Dr. Franklin is one who has taken advantage of this and done an inestimable amount of good."

Dr. and Mrs. Franklin will leave the city next Monday for Boston.

DEMOCRATS OF STATE RALLYING TO CLARK

Special to The Gazette.

CRIPPLE CREEK, April 22.—Because of the large number of Democrats in this county who wish to attend the state Democratic convention in Colorado Springs next Monday, the Teller county convention, held here today, selected 64 delegates instead of the 32 regularly apportioned. Each delegate will have half a vote and all are instructed to support Speaker Champ Clark first, last and all the time. The instructions were given before the delegates were selected.

DENVER, April 22.—A poll of the Democratic county convention shows 30 have been instructed for Champ Clark and for Wilson, and delegations uncommitted. Thus far Clark has 358 and Wilson seven delegates.

Instructions for Clark, counties: Baca, Clear Creek, Eagle, Douglas, Fremont, Garfield, Gilpin, Hinsdale, Jackson, Kit Carson, La Platta, Larimer, Logan, Mesa, Montezuma, Montrose, Morgan, Otero, Ouray, Phillips, Pitkin, Prowers, Rio Blanco, Saguache, San Juan, Sedwick, Summit, Washington Teller and Yuma.

Instructed for Wilson: Park, uncommitted—Adams, Archuleta, Bent, Crowley, Jefferson and Las Animas.

The remaining Democratic county conventions will be held this week.

WOMAN DIES WHOSE FIRST HUSBAND NAMED DENVER

DENVER, April 22.—Mrs. Emma Shaden, wife of S. W. Shaden, whose first husband was Richard Whitsett, who gave Denver its name, died at Monterey, Mexico, last Thursday at the age of 70 years. Her husband arrived in Denver yesterday with her body.

GOVERNOR HARMON TO TEXAS

COLUMBUS, O., April 22.—Governor Harmon left tonight for Dallas, Tex., where he will stump the state the coming week. According to the plans announced, no speeches will be made in any other state during the week. Governor Harmon expects to make between 12 and 15 speeches.

AGREED TO ADDITIONAL DELAY

"When that time came, Mr. Stuart requested an adjournment of 48 hours so that members of the committee could be rounded up, and this was granted. It expired last night, but Mr. Stone agreed to continue it until this afternoon and announced that he would

RECEIVERS CERTIFICATES PROPOSED FOR K. C. M. & O.

KANSAS CITY, Mo., April 22.—A proposal to issue receivers certificates, amounting to \$2,250,000 for the improvement of the Kansas City, Mexico and Orient railroad was submitted by the road's receiver to Federal Judge Pollock for his approval at a hearing in Kansas City, Kan., today. Judge Pollock will announce his decision next Saturday.

It was stated that \$1,000,000 was needed to complete the road from Granada, Tex., to Alpine, Tex. This section will give the road a "high speed" connection with the Southern Pacific, and it was said, will greatly enlarge its facilities for handling freight.

Present plans do not contemplate any construction work in Mexico or the completion of the road from Wichita, Kan., to this city. The receivers said they intended that the road, while under their control, should be entirely self-supporting.

Some of the money is to be used in paying Kansas creditors, it was said, if the court approves the proposition of the receivers.

COAST STEAMERS COLLIDE

NORFOLK, Va., April 22.—The steamer Crean of the Merchants and Miners line bound from Jacksonville and Savannah to Baltimore today is making her way slowly up the coast, damaged above the water line by a collision during thick weather early today off Hatteras with the Clyde line steamer Iroquois, from New York to Charleston and Jacksonville. Both steamers carry passengers.

BAITIMORE, Md., April 22.—Wireless advices to the Merchants and Miners line offices say neither the Crean nor the Iroquois were seriously damaged. The Crean was not leaking and is proceeding to Baltimore unassisted.

EMPLOYED TO INVESTIGATE SO-CALLED MONEY TRUST

WASHINGTON, April 22.—Samuel Untermyer of New York, and Edward H. Farrar of Chicago, former president of the American Bar association, have been employed by the house committee on banking and currency to conduct the investigation into the so-called money trust.

They will direct an inquiry into the affairs of leading financial institutions before the committee begins cross examination of witnesses at public hearings.

REASSURING REPORTS OF REMAINING LEVELS

NEW ORLEANS, April 22.—Reassuring reports concerning the levees of the Mississippi river which still remain intact were received at the offices of the army engineers here today, from inspectors stationed at all weak points south of Vicksburg.

On the Mississippi side suffering is intense in the Bogie Phala valley where a dozen small towns are under from four to 18 feet of water. This levee eventually will inundate more than 2,000,000 acres and it is estimated 12,000 persons in that territory will be made homeless. Already about 7,500 have been rescued.

72 KILLED

(Continued From Page One.)

a cistern, and they were not rescued until late tonight.

J. W. Campbell, a section foreman, with his wife and six children, was sitting in the section house when the storm demolished it, killing the occupants instantly.

The storm at Bush was accompanied by the usual freak incidents. A cow was picked up in the main street, carried 100 yards by the wind and landed safely on the railroad tracks.

A trainload of injured were taken from Bush to Murphysboro, where three died. They have not been identified.

Seventeen persons are reported dead at Marion, but the count has not been verified.

A child was killed by the storm in Hamilton county, where the wind left a path of ruin 40 yards wide.

Three are reported dead at Murphysboro and five are seriously injured.

William reported three dead and 20 injured.

In the district within 12 miles east of Bush, eight are known to be dead and 30 injured.

Seventy-five families in Adams and Iroquois in southwestern Illinois, and an appeal has been sent to the state.

William Campbell and his two daughters were killed at Freeman, in Williamson county. Campbell was crushed by a falling barn. The two women were carried 100 feet into the air and killed by striking the earth. A son and farm hand are believed to be fatally injured.

WOMAN DIES WHOSE FIRST HUSBAND NAMED DENVER

DENVER, April 22.—Mrs. Emma Shaden, wife of S. W. Shaden, whose first husband was Richard Whitsett, who gave Denver its name, died at Monterey, Mexico, last Thursday at the age of 70 years. Her husband arrived in Denver yesterday with her body.

MORE BODIES PICKED UP

(Continued From Page One)

garbled because of the fact that the list had been delayed.

In the list as it came the following combination appeared:

"Nihil Schedig, R. B. Att," which operators believe might have been intended for Major Archibald Butt's name.

Also speculation developed over the name "Nicholas Rasher," a name which the White Star line could not account for and which telegraph operators thought might be Colonel Astor's.

The White Star line dispatched a message in an effort to clear up such questionable interpretations, and for the time the possible receipt of further names, officials of the company kept their offices open all night.

The list of names, as received at the White Star line office, follows:

L. M. Hoffman.
Mrs. Alexander Robins.
William H. Harbeck.
Malcolm Johnson.
A. J. Halcarson.
H. W. Ashe.
Leslie Williams.
A. H. Hayter.

— Shea.
George W. Widen.
Ramon Artagayoffa.
Nihil Schedig.
Steward No. 75.
Yosito Drazenou.

A number of names in the list do not check up with the Titanic's passenger list, which leads to the belief that a number of the bodies received are members of the crew.

Suggests Honor Medals.

WASHINGTON, April 22.—A bill to provide medals of honor for Capt. A. H. Rostron and the officers and crew of the Cunard line Carpathia was introduced in the house today by Representative Francis of Ohio. It would appropriate \$5,000 and instruct the director of the mint to strike off a suitable medal to commemorate their heroism in rescuing the Titanic's survivors.

Steamer Off to Relieve Cable Ship.

HALIFAX, N. S., April 22.—Late reports received here indicate that before darkness tonight the cable steamer Mackay-Bennett had recovered the bodies of 53 victims of the Titanic disaster. How many of these have been identified is not clear but that some have not been made certain when the Mackay-Bennett sent a wireless saying that those bodies not embalmed would be buried at sea tonight.

The intention of the Mackay-Bennett was to bring back only such bodies as were identified or identifiable. The Rev. K. C. Hind of the church of England was taken along, and to him tonight fell the duty of conducting the

GUILTY 2ND DEGREE MURDER

BOULDER, April 22.—William T. Adams, who was arrested on the night of December 2 for killing William Bashford at the Monarch mine near Denver, was convicted of murder in the second degree in the district court here today. The case went to the jury Saturday night at 5 o'clock. A verdict was reached last night but was not returned until this morning. Judge Gamble has not pronounced sentence upon the defendant.

WATER TURNED ON AT C. C.

Special to The Gazette.

CRIPPLE CREEK, April 22.—Water was turned into the mains along this morning, and it is hoped that there will be no further shortage. Last night's heavy snow is melting fast today, and, with warmer weather, there is no danger of a shortage for Cripple Creek.

Bremen Reports Message.

NEW YORK, April 22.—The steamer Bremen, first wireless message to the Associated Press tonight, repeated the information sent Sunday that she had passed wreckage and a great number of bodies in 42.0 north latitude and 42.0 west longitude.

The message said that the Bremen had no bodies on board.

May Identify Two Waifs.

NICE, France, April 22.—It is possible that the mystery of the identity of the two children, answering to the names of Louis and Lolo, who were saved from the Titanic, may soon be cleared up.

Mme. Navratil, the wife of a tailor living here, says she recognizes two children in the description of the little ones. She is separated from her husband, who a month ago, she declares, took away the children and disappeared, after telling friends he was going to America. The children were traveling with a man named Hoffman, who is said to have been a friend of Navratil's. A request has been sent to New York for photographs of the children.

The two French waifs are now in the care of Miss Margaret Hays of West Eighty-fourth street, who has become the self-appointed guardian of the boys, one of whom is about four years old and the other three. The children were found strapped in a blanket in one of the Titanic's lifeboats.

THE LARGE TRACT IN SAN LUIS VALLEY

James J. Peter of St. Joseph, Mo., has purchased through the Yates & McClain Realty company, a tract of land in the San Luis valley, containing 9,500 acres, owned by Max Buchanan of Alamosa and M. J. Mandelbaum of Cleveland, O., who has been spending the winter here. The consideration was not stated.

Mr. Peter will use the tract for colonization purposes and will subdivide, develop and sell the land in the near future. The tract lies just north of the tract owned by Cona, Canaan Brooks company, one of the largest colonizers in the valley. Mr. Peter will develop the land by means of reservoirs and pumping plants.

A DAIRY TOY ARTIST

Every lady who desires to keep up her attractive appearance, while at the theater, attending receptions, when shopping, while traveling and on all occasions, should carry in her purse a booklet of Gouraud's Oriental Beauty Leaves. This is a dainty little booklet of exquisitely perfumed powdered leaves which are easily removed and applied to the skin. It is invaluable when the face becomes moist and flushed and is far superior to a powder puff as it does not spill and soil the clothes.

It removes dirt, soot and grease from the face, imparting a cool, delicate bloom to the complexion. Put up in White and Pink and sent anywhere on receipt of 10 cents in stamp or coin. F. T. Hopkins, 37 Great Jones St., New York.

We want your business; we need it; we spend our money at home. The Hedrick Wall Paper and Paint Co., 212 N. Tejon St. Phone Main 1284.

90 PER CENT IN FAVOR OF ORNAMENTAL LIGHTING

Practically every owner of property in the downtown district of Colorado Springs has been solicited by the lighting committee in regard to installing an ornamental lighting system, and it is thought that at least 90 per cent have signified for the plan. The majority of the remaining 10 per cent of the owners are nonresidents and have not been solicited.

Personal letters stating the facts and asking their signatures will be sent these men within a few days and it is thought that all of them will readily agree to the plan.

Chairman Leonard E. Curtis of the lighting committee has been out of the city for several days and just returned last night. He will call a meeting of the committee within the next few days, at which time the various subcommittees will report.

Three Thousand Delegates to Imperial Council Will Be Here First Week in May

Delegates to the Imperial Council of the Myrtle Shrine in Los Angeles, Cal., May 6, to the number of about 3,000, and traveling in 15 trains will pass through this city during the first week in May. All will make stopovers of about 12 hours. The local Shriner and Masons will entertain the visitors while here, and Masonic temple will be thrown open for their use.

The finest train which will pass through Colorado Springs will be known as the Imperial special, in two sections, carrying all the Imperial officers and a staff of 500. It will arrive May 1 at 1:30 p. m. and will leave at 6 o'clock the following morning.

The Springfield, Mo., special, with about 100 on board, will arrive here at 6 a. m. April 30 and leave at noon.

The Rochester, N. Y., special, with 100, will arrive at 8:25 a. m. May 1, and will leave May 2 at 4 a. m.

Meriden, Conn., special will arrive on the morning of May 1 and will stop over 24 hours. About 125 will be in the party.

The Montgomery, Ala., special will arrive at 11:40 a. m. May 1, and leave at 8:30 p. m. the same day with about 75 aboard.

The St. Louis Shriner, 150 strong, will arrive in Colorado Springs at 7 a. m. May 2, and leave at noon the same day.

The Grand Rapids, Mich., special with 200 on board will arrive at 10 a. m. May 2 and leave at 4 a. m. May 3.

Fort Wayne, Ind., Shriner will visit this city on their return trip, arriving here May 15 at 8:30 p. m. and remaining over 24 hours. There will be 75 in this party.

A special McClain's tour train, bearing 100 Shriner from various points in the east, will arrive on its return trip on May 20 and remain over here for 48 hours.

The New York Shriner, 200 strong, will arrive here at noon May 1 and will leave the following morning.

Chicago Shriner, 200 strong, will stop in this city on their return trip, May 18.

The Iowa Shriner will form the escort to the Imperial Council special and will arrive in this city one hour after the Imperial train. There will be 100 Shriner and their friends aboard.

Don't be surprised if you have an attack of rheumatism this spring. Just rub the affected parts freely with Chamberlain's Liniment, and it will soon disappear. Sold by all dealers.

LEAGUE NOT IN POLITICS, DECLARES DR. SPENCER

A committee of four women from the Civic league called at the city hall yesterday and asked permission to look over the city registration books. This being granted they began to copy off names and addresses and copy up other names. Dr. Caroline E. Spencer and Mrs. George A. Fowler, both prominent in league work, last night refused to give out just what use will be made of this information, but did deny the report that the league was preparing a set of campaign books. "The league has nothing whatever to do with politics," said Dr. Spencer, "and we are not getting these names to use for political purposes."

MUSICAL CLUB ORCHESTRA TO GIVE CONCERT MAY 2

Another musical treat is shortly to be added to the many that the people of Colorado Springs have had the privilege of enjoying this season. The Colorado Springs Musical club orchestra is rehearsing for a program to be presented the evening of Thursday, May 2, in Perkins hall. The concert will be given in response to the wishes of the music lovers of the city, who are not content to have the Musical club close the present season without giving an entire evening to the orchestra, which has proved such a drawing card in the regular recitals.

The committee on arrangements consists of the director of the orchestra, Marion O. Baugh, Mrs. J. Dawson Hawkins, Mrs. George A. Fowler, Albert C. Pearson, Willard R. Willis, Harry Greenberg and E. D. Woodworth.

THREE MISMAID COUPLES SEEK RELIEF IN COURTS

Marital infidelities were the subject of much attention at the court house yesterday. Mary Shrivette petitioned Judge Little to set aside the decree of divorce he granted George Shi, wife, August 17, 1911, alleging that the divorce was obtained through force and fraud, and that he is unfit for the custody of their three children by reason of his life and vulgar manners and conduct about them, in that he is a profane and vulgar language in their presence.

Judge Little yesterday overruled a demurrer to this complaint, filed by the former husband, and the case will be later tried on its merits. However, all questions concerning the defendant and his actions in obtaining the divorce are at rest in the complaint. The couple were married in Great Bend, Kan., July 11, 1908.

Anna Holmsted was granted a divorce from Richard Holmsted in the county court, on the grounds of cruelty, and was given the custody of the two children, Helen, 5, and Thelma, 4. The couple were married in Grand Junction, August 12, 1908.

In the district court Sarah Ellen Moate was granted a divorce from Edwin C. Moate, by Judge W. S. Morris, and was allowed to resume her maiden name, Sarah Ellen Oster. She charged non-support. They were married July 23, 1910.

BETHEL MANAGERS GIVE MUSICAL TEA AT ACACIA

The musical tea given yesterday afternoon at the Acacia hotel by the local board of managers of Bethel hospital, was a great success, artistically and financially, and added \$75 to the treasury. The assembly room held a capacity audience that was highly appreciative of the splendid program presented.

Mrs. John Speed Tucker, under whose direction the musical was given, was the vocalist, and her solos were: "When Spring Comes Laughing" (Arthur Foster); the song cycle, "A Lover in Damascus" (Woodford-Binden); "Amie-Mol" (Henberg); and "Spring Flowers" (Reinecke), with violin obbligato.

As usual, Mrs. George M. Howe, violinist, played with much taste and musically spirit, ably assisted by Miss Evelyn Lennox at the piano. She played Vieuxtemps' "Reverie," "Berceuse Ecossaise" (Ludwig Schindler), and "Spanish Dance" (Reinecke). Miss Charlotte James, pianist, again demonstrated her exceptional ability by the rendition of "Rhapsodie in D Flat" (Domenico) and "Etude in E Flat" (Liszt).

The trio for violin, cello and piano, played by the Misses Lixey, proved a particularly attractive feature. They gave a group of George Saint-Georges' compositions for the opening number of the program and several popular selections while tea was served by the ladies.

Tea and ices were served by Mrs. Irving Howbert, Mrs. Arthur G. Sharp, Mrs. Alfred A. Blackman and Mrs. William Watson Rainey, assisted by Mrs. Edward Smith Parsons, Mrs. Harry Ver Steeg, Mrs. Charles E. Emery and Mrs. Emerson L. Whitney. Miss Jeanette Scholz, Miss Evelyn Lennox, Miss Avis Jones, Miss Marjorie McKewen, Miss Cowgill, and the Misses Flora and Altha Crowley.

MISS WEST PRETTIEST GIRL AT CARNIVAL; IS GIVEN BIG LOVING CUP

Miss Clara West, daughter of Mrs. C. G. West, 1219 North Corona street, was judged to be the most beautiful girl in the mask carnival held during Home Products week in Pueblo, last week, and last Saturday night at the mask ball in Mineral palace was crowned queen of the carnival. The prize was a huge loving cup valued at about \$200.

Scores of girls rode in the big automobile parade, Saturday night, and competed with Miss West for honors of queen. Miss West has been spending the winter in Pueblo. She has many friends here and is well known as a violinist.

in a special message asks Congress to investigate "The High Cost of Living."

Into this country of countless fertile acres, potatoes are being imported from Europe!

In this rich dairy and poultry raising country eggs, butter and meat are at top-notch prices!

In a land where millions of apple trees are planted every year, apples are selling at ten cents apiece!

The potato is not a perfect food for man neither are eggs, butter, meat or apples. The only complete, perfect food for man is the whole wheat grain. It contains all the material needed for building and nourishing the perfect human body. It is brought to its highest perfection as a food in

JOINT MASONIC MEETING

There will be a special joint communication of all the Masonic lodges in El Paso county, tomorrow night, at the Masonic temple, at 8 o'clock.

The lodges are called together by Grand Lecturer William W. Cooper, who will inspect the work of the lodges and give instruction for such changes as he shall find necessary to make the work of the lodges conform to the regulations of the grand lodge. It is expected that an unusually large number will be in attendance, as official notice has been given both lodges in this city, as well as those of Colorado City and Manitou.

STENZEL ECZEMA LIQUID

Stops itching instantly and cures eczema permanently. A few days after using, the disease begins to disappear. Price \$1. Sold in Colorado Springs by Robinson Drug Co. and D. Y. Butcher. Sent anywhere by express by Park Chemical Co., San Antonio, Texas.

FREE TODAY---FREE

Today, Tuesday, I will demonstrate Kohler-McLister

Handy Varnish Stain

And will give each lady who calls a TRIAL CAN FREE.

Handy Varnish Stain is a durable high gloss finish for New or Old Floors, Furniture and Woodwork. It is a combination of clear and permanent wood stain with a durable, hard-drying Varnish. It dries over night, will not scratch white and the lustre is not destroyed by repeated washing.

Cans 1/4-pints to gallons.

Kohler-McLister "H. J." Paints

Are unequalled for long life and durability. Let me prove their quality to you.

HENRIETTA CROSMAN
IN "THE REAL THING"

When a wife attends too strictly to her household duties, and in her leisure time devotes herself to her children, she is apt to neglect her husband and cause him to feel slighted. This, in a nutshell, is the story of

SCENE FROM "THE REAL THING" WITH HENRIETTA CROSMAN, AT THE OPERA HOUSE SATURDAY NEXT, APRIL 27.

"The Real Thing" the comedy that Henrietta Crosman will bring to the Opera house Saturday next, April 27. The play is by a Washington society woman, named Catherine Chisholm, author of several well-known books and plays. The story of the play is very clearly told, but there is so much laughter and so many unusual situations, that the interest never lags throughout this delightful evening's entertainment. Miss Crosman portrays a widow, who comes to their meetings at Friends church, convinced a family divided. She finds the new Tegu and Fountain street, wife shovely in appearance and pay, throughout this week.

Nature's Way Is The Best.

Buried deep in our American forest we find bloodroot, queen's root, mandrake and stone root, golden seal, Oregon grape root and cherry bark. Of these Dr. R. V. Pierce made a pure glyceric extract which has been favorably known for over forty years. He called it "Golden Medical Discovery."

This "Discovery" purifies the blood and tones up the stomach and the entire system in Nature's own way. It's just the tissue builder and tonic you require when recovering from a hard cold, grip, or pneumonia. No matter how strong the constitution the stomach is apt to be "out of kilter" as time goes by, in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body. The weak, nervous, run-down, debilitated condition which so many people experience at this time of the year is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin—you feel "blue."

"More than a week ago I was suffering with an awful cold in my head, throat, breast and body," writes Mrs. JAMES G. KENT, of 710 L. Street, S. E., Washington, D. C. "Some called it La Grippe, some pneumonia. I was advised by a friend to try a bottle of your 'Golden Medical Discovery.' I tried a bottle and it did me so much good that I feel safe in saying it is the greatest and best medicine that I ever took. My health is much better than it was before using your medicine. It does all you claim for it and is satisfactory."

Colorado City DEPARTMENT

FIRE FLY, TROTTER, ENDS HIS DAYS ON JUNK WAGON

After winning for his owner's more than \$25,000 on the race tracks of Texas and Oklahoma in 1905-06, Fire Fly, a trotting horse, ended his career on a junk wagon in Colorado City yesterday.

L. Peckham, his owner, says that he bought the horse for \$50 after he had been injured on the track in Oklahoma City, and brought him to Colorado with a herd of Indian ponies and mules. The horse, which still showed evidences of good blood, dropped dead in the harness.

Meeting to Discuss Proposed Charter

A meeting is being arranged for Saturday night to elect a committee to discuss plans for a charter form of government for Colorado City. Though the subject has been discussed for several years, this is the first time that any definite action has been taken.

It is said that an attorney is now preparing an outline of a proposed charter to be read at the meeting, to give the voters an idea of what form of government is best suited to Colorado City.

It is thought that there will be few opponents of the proposition since it will reduce the expense of maintaining the city government nearly half, according to a number who favor the scheme.

COLORADO CITY NEWS NOTES

Mrs. A. D. Searl is recovering from an attack of tonsillitis.

The degree team of Camp 455, W. O. W., will give a high five social in Woodman hall, Wednesday, May 8.

J. E. Luce of Sisco, Tex., is spending a few days with his family at 107 Manitou road.

A. H. Stockham, president of the First National bank of Delta, is in town on a short business trip.

A number of improvements are being made to grounds of the Arcadale school.

J. V. Henry is working on a model of a flying machine, which he expects to have patented.

Mrs. Amy E. Moore left yesterday for a three weeks' visit with relatives in Greeley, Colo.

The condition of Mrs. O. O. Martin, who has been ill for several weeks with an attack of rheumatism, is much improved.

The Colorado Springs and Interurban Railway company is making a number of improvements on its tracks and wires in Colorado City.

J. J. Sauter was arrested yesterday afternoon by Constable O. E. Kinney.

Homely, Yet Admired and Envied; Her Secret

The convention crowd in the lobby made a path for her, cast admiring side glances, then with longing eyes followed her to the elevator. It was at the Ponchartraine in Detroit. The incident was recalled when I chanced to sit across a table from the woman. What was it about her that caused all that commotion? She wasn't handsome; she was lacking in form and feature. Yet she did seem marvellously fascinating. Her complexion must be the secret. Really, I've never held its equal. Venturing to pick up acquaintanceship, I learned the reason. "I know I'm not built for beauty," she confided, "but I've tried to make the most of my one charm. I've learned that men abhor make-ups and artificiality. I use cosmetics; there are just two things I ever use and they promote natural loveliness and youthful appearance."

"When my complexion begins to age, I get an ounce of mercurochrome at the drug store, apply at night like cold cream and wash it off in the morning. This gradually flakes off the outer skin; then I have a brand new complexion, magnetically beautiful, as you see."

"Winkles never bother me. At their inception I bathe my face in a solution made by dissolving an ounce of powdered saxolite in a half pint of witch hazel. It works like magic."—Mona Morrow in Town Tattler.

On a charge of larceny as bailer. He was released on bond.

There will be a caucus of the delegates to the Democratic county convention tonight in the office of Prewett and Bryan.

The Colorado City High school baseball team will play the Colorado School for the Deaf and Blind tomorrow and the Colorado Springs annex team Saturday.

The condition of Mrs. H. D. Gunier, who recently underwent an operation at Bethel hospital, is much improved. She has been removed to her home in Colorado City.

News of the marriage of D. F. Ramsey, formerly a railroad man of Colorado City, and Miss Catherine Barnes of North Platte, Neb., has been received by friends here.

Mrs. Marie Perez, a Mexican woman who was arrested last week on a charge of assault sworn out by her husband, was discharged in Justice Bryan's court yesterday. The husband relented and withdrew the complaint.

George Credit and family have gone to the ranch, recently purchased by J. D. Boone, near Fowler. Credit has taken a lease on the ranch for five years, and will engage in the stock raising business.

Wires for the fire alarm system in Colorado City is now being strung by men in charge of Fire Chief Ward. Four new alarm boxes are to be put in and all of the old wire removed and replaced.

An Arbor day dance was given by a number of High school students at the parish house Friday night, at which time a High school dancing club was organized. The hall was decorated with white hyacinths and marigolds, yellow and green predominating. Re-

UNION DEPOT COMMISSION WILL CONTINUE ITS WORK

Col. E. T. Ensign, president of the union depot commission, said yesterday that the work of the commission would be pushed forward as rapidly as possible regardless of the protests made within the last few weeks by several individuals.

Acting on the request of the commission the Santa Fe railroad was delayed constructing a new passenger station on the present site. In the meantime the commission has gone into the matter thoroughly and plans for a union depot have been gone into thoroughly. However, the railroad officials have offered objections and although the commission has secured information to set the matter in a new light, the commission has been attained in the negotiations.

The members of the commission are well pleased with the work thus far and say that they expected it to take a long time when they undertook the task.

MYSTIC SHRINERS GIVE ANNUAL BALL TONIGHT

The Stratton park dancing pavilion will be opened for the season tonight by the Mystic Shrine of the Pike Peak region, who will give their annual grand ball. Preparations for this event, which is the greatest on the social calendar of the local Shriners, have been in progress for several weeks and the ball promises to be the largest and best in the history of Shrine dances. Every detail has been looked after and nothing which will add to the ball in any way has been neglected. The pavilion will be heated if the weather is too cool for comfort.

You will look a good while before you find a better medicine for coughs and colds than Chamberlain's Cough Remedy. It not only gives relief—it cures. Try it when you have a cough or cold, and you are certain to be pleased with the prompt cure which it will effect. For sale by all dealers.

WILL TAKE UP PROTEST FROM VICTOR TOMORROW

Mayor Avery has received word from Washington that the senate committee will take up the Victor protest against the land grant bill tomorrow, and that Senator Guggenheim will use his influence in favor of the bill, as revised and amended during the visit of the local committee to the capital recently. The mayor has sent Congressman Taylor and the senate committee additional information concerning the lands in question, and the reasons which led up to the protest from the town of Victor.

DEESZ GETS POSITION WITH LIGHT COMPANY

Louis A. Deesz, a junior at Colorado college and a prominent athlete, has been made assistant superintendent of the Colorado Light and Power company in the Cripple Creek district. He was formerly in the employ of the company as Cripple Creek foreman. Deesz recently received the highest

FEARING SHOCK WOULD PROVE FATAL, DESIGNER OF TITANIC IS NOT ADVISED OF GREAT SHIP'S FATE

Capt. Edward J. Smith, commander of the sunken Titanic (at the right), and Lord Pirrie, who designed the \$10,000,000 "unsinkable" Titanic, which is now at the bottom of the Atlantic with over 1,500 of its passengers. As a result of a collision with a giant iceberg, Lord Pirrie underwent a serious operation the day after his great ship left England on its maiden voyage, and as he is still in a serious condition, word of the terrible disaster has been kept from him. He was removed to his country home, 45 miles from London, in order to make doubly sure that he would not hear of the terrible failure of his big pet, as it is almost a certainty that the awful news would prove fatal.

PAVING WORK RESUMED

The "steam roller" is again in evidence in Colorado Springs, this time on a more useful and beneficial mission than on its previous visits, being the forerunner of the actual work of paving. Dirt is moving rapidly now, the ground being in good condition to work after the recent wet weather. The main field for operations at present is on Tejon street, from Boulder to Vermijo. Curbs and gutters are being put in, grades for sidewalks determined and excavation levels checked up to see that everything is in compliance with the specifications.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Dr. H. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations, and cheap imitations are to be discarded. Experiment with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

PLANS FOR THE FUTURE TO BREAK INTO MAJOR LEAGUE

From the Baseball Magazine.

In these days, when baseball has become a great profession as well as a game, the young player who wishes to break into the major league must have a plan for the future. The plan must be a realistic one, and it must be based on the player's own abilities and the conditions of the game.

The first step in the plan is to determine the player's own abilities. This can be done by comparing the player's performance with that of other players in the same position. The player should also consider the physical and mental qualities which are necessary for success in the major league.

The second step is to determine the conditions of the game. This includes the state of the market for players, the salaries of players, and the rules of the game. The player should also consider the opportunities for advancement in the game.

Once the player has determined his own abilities and the conditions of the game, he can begin to formulate a plan for the future. The plan should be based on the player's own abilities and the conditions of the game, and it should be realistic and achievable.

The plan should also be based on the player's own desires. The player should consider the life of a professional baseball player, and he should decide whether or not he is willing to make the sacrifices which are necessary for success in the game.

If the player has a realistic plan for the future, and if he is willing to make the sacrifices which are necessary for success in the game, he has a good chance of breaking into the major league.

ST. JOSEPH, APRIL 22—THE ST. JOSEPH PLAYERS HIT THE BALL HARD AND WON FROM THE MOHAWKS IN THE SIXTH INNING.

ST. JOSEPH, April 22.—The St. Joseph players hit the ball hard and often and won from the Mohawks in the sixth inning. The game was a close one, with the St. Joseph players leading in the sixth inning. The game was won by the St. Joseph players in the sixth inning.

The St. Joseph players were led by Joe Smith, who hit a home run in the sixth inning. The Mohawks were led by John Doe, who hit a home run in the fifth inning. The game was a close one, with the St. Joseph players leading in the sixth inning.

The match is a close one, and it is sure to attract the attention of wrestling enthusiasts. The match is a close one, and it is sure to attract the attention of wrestling enthusiasts.

FOOTBALL PROHIBITED: DUELS NOT UNDER BAN

BERLIN, April 22.—From now on all through the German empire boys of less than 17 years will not be allowed to play football. The authorities who have the support of Kaiser Wilhelm do not say anything about the physical dangers in which the boys may be involved. They only argue that reckless play, roughly carried on, has a corrupting effect on youth.

No prohibition has yet been proclaimed against face slapping at the universities.

Proud Day for Player

It is a proud day for the life of any ball player when he signs his first contract. It does not mean much difference how small the contract is or how far down in the list of class D clubs it is at least a sign of organized baseball and he is a real professional ball player. He does not stop to consider that there are thousands of players signed up yearly in this way and that only a few of them can ever hope to see a big league standard. He knows in a general way that many will fail but he feels sure that he will be one of the few who succeed.

ROWLING NEWS

THE PERFECT WAY

If you suffer from backache, this is the only way to cure it. The perfect way is to use the Kidney Pills.

THE TERRORS' STARS IN THRILLING DRAMA, "WON IN THE NINTH"

By IRVIN BRUCE

In a garrison finish, the Terrors defeated the Pueblo Central yesterday afternoon, on Washington field, yesterday afternoon, by a score of 5 to 4.

THE TERRORS' STARS IN THRILLING DRAMA, "WON IN THE NINTH"

When the Terrors came to bat in the last of the ninth, the score stood 4 to 2 against them. Jacobs, the first man up, popped to center field. Fowler beat out a slow infield hit. McCreey received free transportation to first, and Tillman fled to center.

THE TERRORS' STARS IN THRILLING DRAMA, "WON IN THE NINTH"

With two down, the Terrors' supporters were getting ready to go, thinking that Central had the game on ice. John, the hard-hitting backstop, was next man to bat, and the Terror supporters demanded that he give a hit, so Dick hit the sphere on the nose for two sacks, bringing in Fowler and putting Mac on third.

With two down, the Terrors' supporters were getting ready to go, thinking that Central had the game on ice. John, the hard-hitting backstop, was next man to bat, and the Terror supporters demanded that he give a hit, so Dick hit the sphere on the nose for two sacks, bringing in Fowler and putting Mac on third.

TERRORS' STARS IN THRILLING DRAMA, "WON IN THE NINTH"

Johns and Jacobs were the sharpshooters for the Terrors. Thus two stars faced the Pueblo Centralists four times, and three times did they hit the bullseye, and it was through their hitting that the Terrors were able to win the game. It was Johns, who enabled the Terrors to tie the score in the ninth, when he sent Fowler across the rubber on his double to left.

TERRORS' STARS IN THRILLING DRAMA, "WON IN THE NINTH"

The Terrors were hitting in hard luck. Time after time they would have men on bases only to have the batter drive the ball right into some player's mitt. In the seventh, with one down and the bases intoxicated, Davis hit a liner into the mitt of Cusack, the Central second sacker.

TERRORS' STARS IN THRILLING DRAMA, "WON IN THE NINTH"

Central did not show any class except in the second, when they bunched a pair of hits, coupled with two errors, gave Central three runs. After the fifth inning Ogle was as wild as a March hare, and his generosity gave the Terrors a run in the seventh.

TERRORS' STARS IN THRILLING DRAMA, "WON IN THE NINTH"

Johns and Jacobs were the sharpshooters for the Terrors. Thus two stars faced the Pueblo Centralists four times, and three times did they hit the bullseye, and it was through their hitting that the Terrors were able to win the game. It was Johns, who enabled the Terrors to tie the score in the ninth, when he sent Fowler across the rubber on his double to left.

TERRORS' STARS IN THRILLING DRAMA, "WON IN THE NINTH"

The Terrors were hitting in hard luck. Time after time they would have men on bases only to have the batter drive the ball right into some player's mitt. In the seventh, with one down and the bases intoxicated, Davis hit a liner into the mitt of Cusack, the Central second sacker.

TERRORS' STARS IN THRILLING DRAMA, "WON IN THE NINTH"

Central did not show any class except in the second, when they bunched a pair of hits, coupled with two errors, gave Central three runs. After the fifth inning Ogle was as wild as a March hare, and his generosity gave the Terrors a run in the seventh.

TERRORS' STARS IN THRILLING DRAMA, "WON IN THE NINTH"

By IRVIN BRUCE

In a garrison finish, the Terrors defeated the Pueblo Central yesterday afternoon, on Washington field, yesterday afternoon, by a score of 5 to 4.

TERRORS' STARS IN THRILLING DRAMA, "WON IN THE NINTH"

When the Terrors came to bat in the last of the ninth, the score stood 4 to 2 against them. Jacobs, the first man up, popped to center field. Fowler beat out a slow infield hit. McCreey received free transportation to first, and Tillman fled to center.

TERRORS' STARS IN THRILLING DRAMA, "WON IN THE NINTH"

With two down, the Terrors' supporters were getting ready to go, thinking that Central had the game on ice. John, the hard-hitting backstop, was next man to bat, and the Terror supporters demanded that he give a hit, so Dick hit the sphere on the nose for two sacks, bringing in Fowler and putting Mac on third.

LOCKER key and chain at

Don't Pull Out the Gray Hairs

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect hair as clear as a child's.

When gray hairs come, or when the hair seems to be falling out, or when a good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Weyth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Weyth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Weyth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Agents, The Colorado Springs Drug Co., 101 S. Tejon St.

News of Local Courts

In the case of Walter C. Elyea vs. the Santa Fe and Colorado and Southern railroads, plaintiff filed an amended complaint in the district court yesterday. Elyea was a fireman in the employ of the railway companies and lost a leg in an accident, January 19, 1911. He is suing for \$17,500 damages.

Arguments in the Manteno injunction case will be heard by Judge Morris in the district court Saturday, according to agreement of counsel yesterday. The suit is the result of the effort of W. S. Crosby and others to prevent the sale of the recent bond issue of \$25,000, which was voted for the purpose of building an auditorium.

Sheriff Burdett and Constable O. E. Kinney yesterday arrested a man named Santos de Arenas, on a charge of embezzlement. It is alleged that he had stolen \$1,000 from the proceeds of the sale of a wagon load of fruit to Walter Gadsby, the owner.

In the case of S. D. Emery vs. the Calahan-Lewis development company, Judge W. S. Morris yesterday overruled plaintiff's motion for a new trial.

The money demand suit of W. T. Guillon vs. M. T. Mawhorter will be tried before Justice Dunnington this morning. The amount in question is \$180.

OGG DISLOCATES SHOULDER

P. O. Ogg, a brakeman on the Denver and Rio Grande, is suffering from a dislocated shoulder as the result of a fall from the front car of his train onto the tender of the engine at Pike View early yesterday morning. Ogg was running to the front of the train to signal the engineer and as he reached the front of the car the train started to back, pitching him onto the tender.

The brotherhood of the Tourist Memorial United Brethren in Christ church will hold a regular monthly

Deaths and Funerals

COL. CRAMPTON DEAD

J. D. G. Crampton has received word of the death of his uncle, Col. Lewis W. Crampton, Medical corps, U. S. A., who died in San Bernardino, Cal., Friday night from pneumonia. Colonel Crampton went to the coast from Washington in March after being relieved as chief surgeon of the Philippine division, and would have been retired May 8. The body will be taken to St. Louis.

Many cases of typhoid fever, appendicitis and other severe diseases are traceable to prolonged clogging of the bowels. Regarding the effects of constipation, C. E. Ayer, 6 Sabin St., Lowell, Mass., says: "I was afflicted with constipation and biliousness for years, and at times became so bad I would become unconscious. I have been found in that condition many times. Physicians did not seem to be able to do me any good. I would become weak and for days at a time could do no work. Not long ago I got a box of Dr. Miles' Laxative Tablets, and after using them found I had never tried anything that acted in such a safe and effective manner. I believe I have at last found the remedy that suits my case."

Thousands of people are sufferers from habitual constipation and while possibly realizing something of the danger of this condition, yet neglect too long to employ proper curative measures until serious illness results. The advice of all physicians is, "keep your bowels clean," and it's good advice.

Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory, your money is returned.

MILES MEDICAL CO., SMALL, IND.

Constipation, if Neglected, Causes Serious Illness

Constipation, if neglected, leads to almost innumerable complications affecting the general health.

Many cases of typhoid fever, appendicitis and other severe diseases are traceable to prolonged clogging of the bowels. Regarding the effects of constipation, C. E. Ayer, 6 Sabin St., Lowell, Mass., says: "I was afflicted with constipation and biliousness for years, and at times became so bad I would become unconscious. I have been found in that condition many times. Physicians did not seem to be able to do me any good. I would become weak and for days at a time could do no work. Not long ago I got a box of Dr. Miles' Laxative Tablets, and after using them found I had never tried anything that acted in such a safe and effective manner.
